

*Think of the Satisfaction  
When You Give An*  
**“ENERGY GIFT”  
CERTIFICATE**

Someone you know may find it difficult to keep up with their energy bills this winter. Why not consider a Valley Energy “ENERGY GIFT” certificate for that person or family on your gift list who are difficult to buy for...birthdays, holidays, anniversaries, etc.

If you would like to help someone, simply purchase an “ENERGY GIFT” certificate at Valley Energy made out in the name of the Valley Energy customer you want to help.

Or, if you have no particular recipient in mind, you can contribute in the name of a local charitable organization, which will then help needy families pay their energy bills. Such a contribution would be tax deductible, while “ENERGY GIFT” certificate dollars are not.

When you purchase an “ENERGY GIFT” certificate for \$10 or more, we’ll mail it, along with a card explaining that the amount shown has been credited to their account. Or if you prefer, you can deliver it yourself.

You can purchase “ENERGY GIFT” certificates or arrange for your tax deductible charity gift at the Valley Energy office.

***GIVE A GIFT OF WARMTH***
